EMERGENCY RESPONSE OVERVIEW

Smart Solutions for Unforeseen Situations

Spills, biohazards and other emergencies can pose a serious threat to the environment, your operations and your profitability. When you need it most, PSC offers unparalleled 24/7 response anywhere in the country, and the know-how to get you back in business—fast.

Call on PSC

With the nation's largest response system launched from a single 800 number, PSC provides a full array of reliable, cost-effective emergency services.

We're the pros you can rely on—with end-to-end solutions and disposal facilities that ensure you'll get the best results (and fewest headaches) for the money. We have the expertise that keeps you in compliance no matter how complex the situation.

PSC Emergency Response

Services Encompass:

Chemical Spills: From containment to cleanup, disposal and remediation, PSC can tackle chemical spills and releases involving all types of liquids, solids, semi-solids and gas forms—any size, anywhere.

Biohazards: Body fluids. Sharps. Biological agents. Infectious substances. Lab specimens. Whatever the material, we'll either remove and dispose of it or neutralize it on site, restoring your business to a safe, healthy and compliant condition.

High-Hazard Scenarios: Whether reactive, explosive or unidentified substances, PSC can manage your high-hazard emergencies through on site stabilization or deactivation, enabling safe transportation for eventual disposal.

Disasters: If your community is facing the aftermath of a man-made or natural disaster, PSC offers large-scale material hauling, reduction and disposal operations, remediation and construction, marine debris removal and more.

5151 San Felipe,

Waste Removal Challenges: PSC is well-equipped and ready to manage all your emergency waste removal needs, including segregation, identification of unknowns, packaging, profiling and transportation to final disposal.

***When Facing the Unexpected,
Expect More with PSC***

One-call convenience. Fast, reliable nationwide service. Cost-effective, fully compliant solutions. Unparalleled safety. With PSC, superior emergency response is no accident. It's our mission.

Why Choose PSC?

One-Call Simplicity

Our national 800 number puts you in touch with a PSC staff member 24/7/365. Your call triggers a comprehensive emergency response. That's confidence your people can count on—and you can build your business on.

A Broad Transportation and Disposal Network

PSC has one of the largest fleet of trucks and networks of waste treatment, storage and disposal facilities (TSDFs) in the nation—scale and efficiency that mean serious cost savings for you.

Extensive Nationwide Service

*PSC emergency teams stand ready in most major U.S. cities, ensuring a one-hour urban or two-hour rural response anywhere in the country.**

Incomparable Experience and Training

PSC brings over a quarter century of environmental and waste disposal expertise to any challenge, with highly trained people you can trust. You can rest assured we'll resolve the situation quickly, economically and lawfully.

Consistent Pricing

We offer standardized pricing across the full spectrum of emergency response services. When you contact PSC for emergency response, price uncertainty is never an issue.

* Actual response time depends on the type and location of the spill, weather conditions and time of day.
