ENVIRONMENTAL SERVICES OVERVIEW

## Serving You. Helping Your Business. Improving the World Around Us.

*How much time, trouble and expense could you save with one source to manage all your waste treatment and disposal concerns—from packaging to transportation, treatment, recycling and beyond? What new avenues might open with breakthrough advice on compliance, optimizing (even eliminating) waste flows or converting disposal streams into recovery opportunities?*

### **Let PSC Show You the Way**

PSC provides a full range of sustainable and cost-effective environmental solutions tailored to your specific business and situation—plus proactive customer service, so you can concentrate on what's most important: running and growing your business.

### **What Makes Us the Right Choice? National Coverage – Local Insights and Service:**

With our deep, localized knowledge base, state-by-state representation, plus nationwide network of treatment, storage, and disposal facilities (TSDF); PSC offers better, more responsive service, and the optimal solution for your particular geography.

**Reliability:** You want to know the job's being done right—the first time and every time. And you can count on PSC, with our extensive roster of fully certified environmental professionals, best-practice approach, state-of-the-art innovations and fleet of modern rolling stock.

“We've worked with PSC for over 10 years. They've gone above and beyond to help us in those last-minute situations, and are eager and effective at responding to our needs. Thanks to the PSC team!”

**Sustainable Solutions:**

Other disposal vendors often direct waste to their company-owned, expensive non-sustainable disposal facilities, placing their needs ahead of yours.

**Continuous Process Improvement:**

Why team up with PSC? Because we constantly measure and evaluate our performance to ensure we do our next job even better than the last. That and to provide the kind of accountability you'd expect from a long-term, strategic partnership.
