

Providing Tomorrow's Solutions Today.™

OILFIELD SERVICES OVERVIEW

Onshore. Offshore. Far Beyond Your Expectations.

The drilling and production of oil and gas present an incredibly complex set of challenges and environmental issues. Don't trust your productivity, worksite safety and compliance to anyone but the acknowledged leaders in the field.

Insist on the Experts: PSC

Bringing a quarter century of expertise and revolutionary technology, PSC provides a complete range of services to on-and off-shore drilling and production operations.

We offer—

The Broadest Range of Oilfield Solutions:

From routine tank and vessel cleaning to the planning and execution of deepwater hull inspections, platform decommissioning, asbestos and mold abatement, PSC is your comprehensive solutions provider. We leverage over two decades of experience to deliver safe, cost-effective and responsive services that help keep your operation performing at its peak.

Dedicated NORM Services: In addition to our full spectrum of conventional oilfield services, PSC also specializes in the assessment, decontamination and remediation of naturally occurring

"PSC's crew stayed focused and utilized Chevron's Safe Work Practices. They also demonstrated good teamwork and completed the job in a timely manner. It was a pleasure to work with a knowledgeable and safety-minded crew."

Tim Ledet
Chevron BM Fourchon Tank Farm

radioactive material, (NORM). In fact, we operate the largest dedicated NORM facility in North America—accessible by land, water and rail.

Breakthrough Technical Advice: Need expert advice on mold, lead and asbestos abatement, ground remediation or NORM? Look to PSC's Technical Services Group. We're your one-stop resource for unequaled insights to help you manage these issues intelligently and economically.

Zero-Entry Safety: To reduce risk and maintain the highest standards of safety and productivity, PSC combines state-of-the-art technology with vast onsite know-how to offer a true zero-entry work environment. We're one of the rare companies that can—offering you an extraordinary level of confidence.
