Local Expertise and Attention: Yes, PSC disposal facilities span the country. But we also bring an unrivaled understanding of compliance issues through local and regional representation. So you'll enjoy better service and greater confidence.

Reliability: You can rest assured knowing we'll always send fully qualified people and the right rolling stock to do the job—including a fleet of well-equipped, well-maintained tractor trailers, box vans, vacuum trucks, roll-offs and more.

Safety: At PSC, safety is more than a priority. It's a core value. From personnel to equipment, we make significant investments to ensure safe operations—at your facilities and ours. It's all driven by our comprehensive Safe on Purpose behavioral based program.

Metrics-Driven Performance: At PSC, we constantly measure and evaluate our own performance to ensure we do the next job even better than the last. You'll get the level of accountability you'd expect from a long-term, strategic partnership.
